★ Angela Knapp ★

Angela is a textile artist based in South Somerset. Her work, inspired by birds, aims to capture their beauty through the medium of fabric and thread. Understanding a specific bird's lifecycle, habitat and story all help Angela build a picture of the birds she creates. They have become more than just the subject of her textile artwork; reading avidly and visiting sights in the hope of seeing as many of these birds as possible. To view original pieces and the limited edition Giclee prints please visit Angela's website. Alternatively email directly for further information. Commissions are also welcomed.
