- We offer various stainless steel product for variety of house hold Kitchen ware such as pan and pot handle , water tap, etc.
- We emphasize on excellent quality and professional to create New technology and development.
- Major manufacturer of stainless steel application in Chonburi Thailand

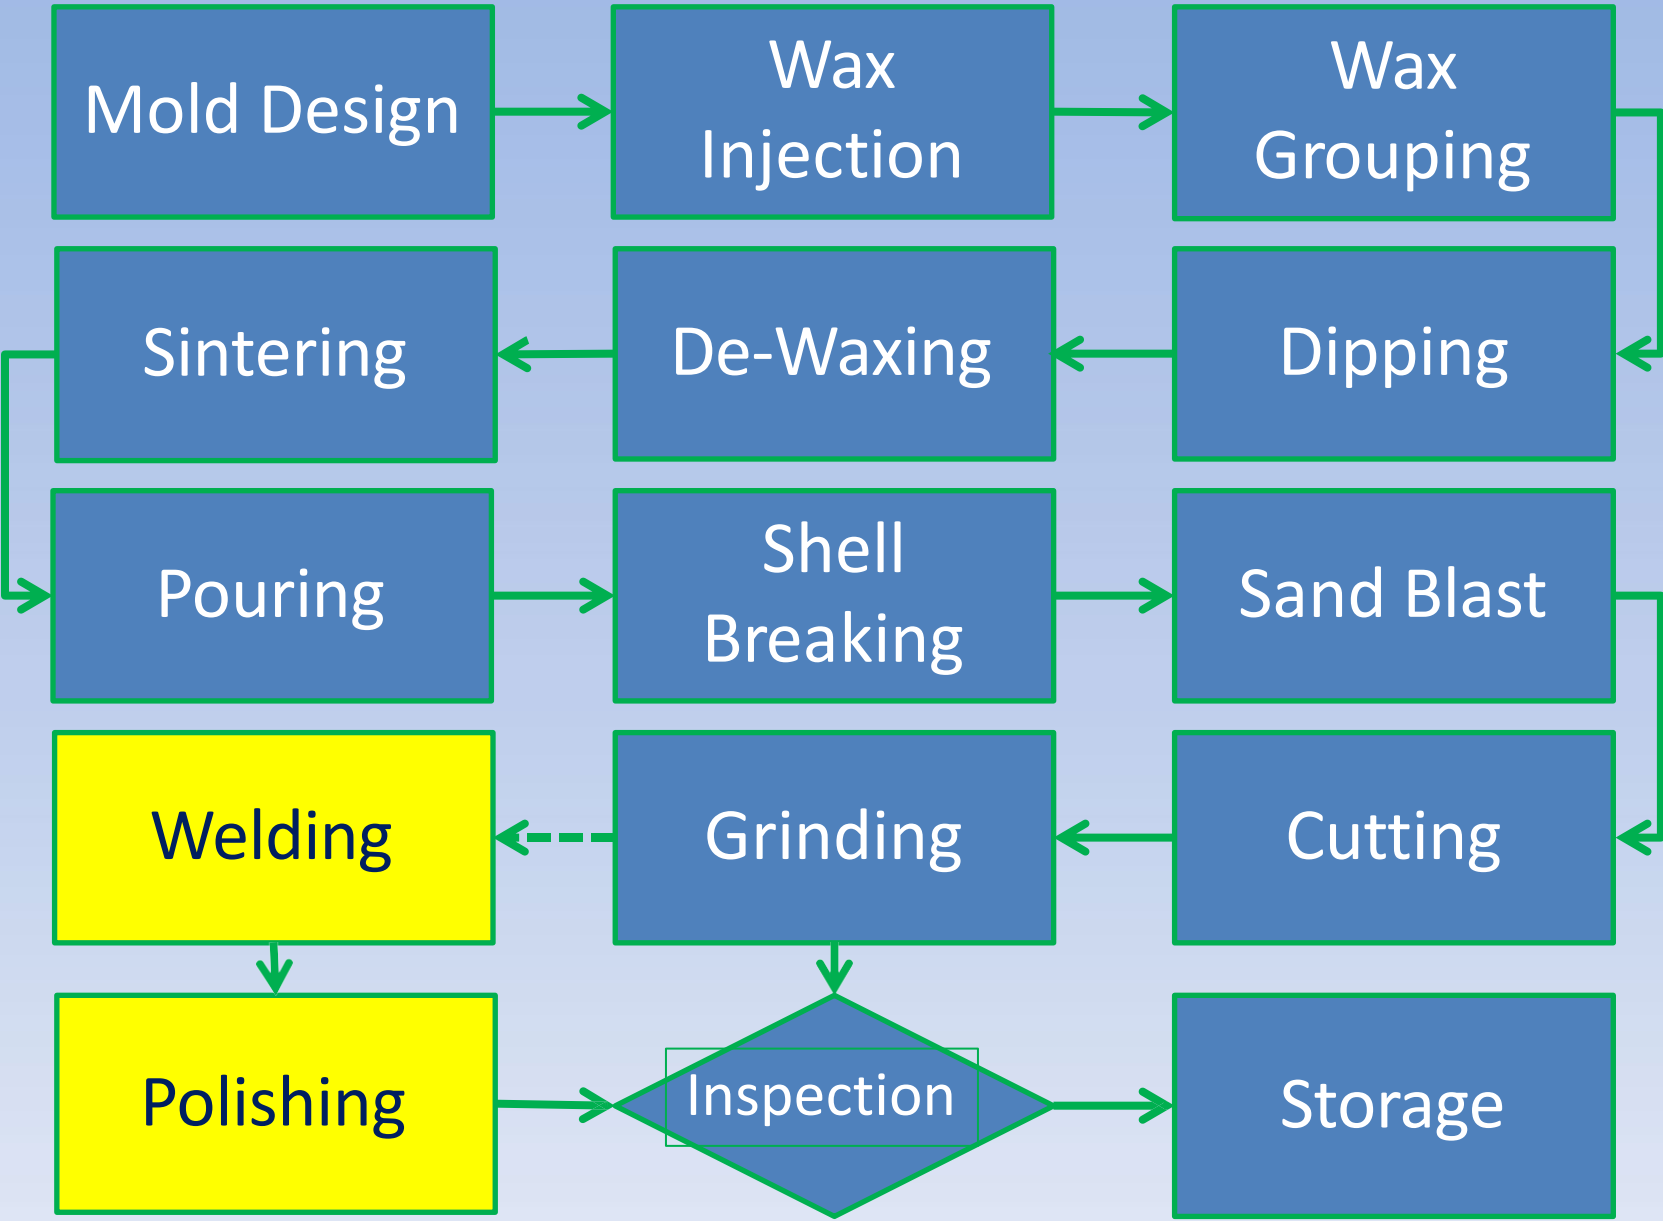

Quality policy 质量方针:

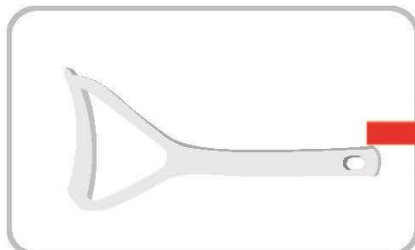

“Production with Customer Satisfaction and Continuous quality Improvement”

ผลิต “ผลิตภัณฑ์” ที่ลูกค้าพึงพอใจ และปรับปรุงคุณภาพอย่างต่อเนื่อง

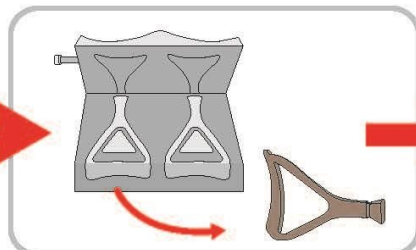

Process Flow :

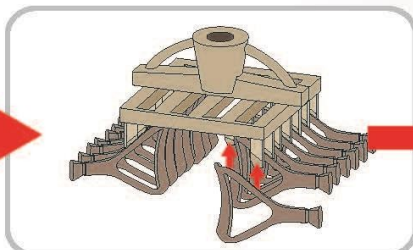

PROCESS FLOW

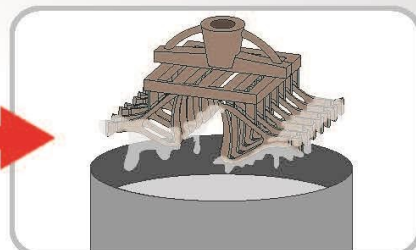

1. Mold design by 3D drawing

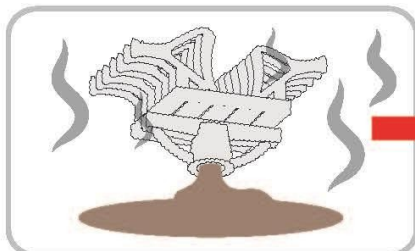

2. Wax Injection

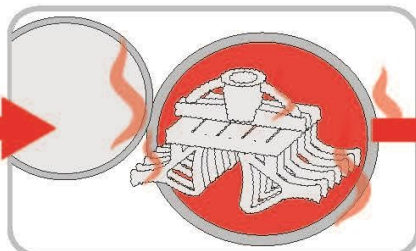

3. Wax pattern assembly

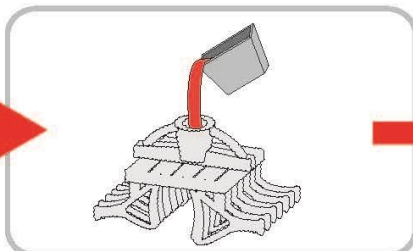

4. Dipping

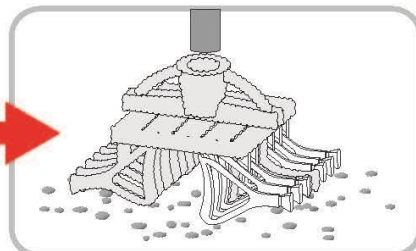

5. Dewaxing

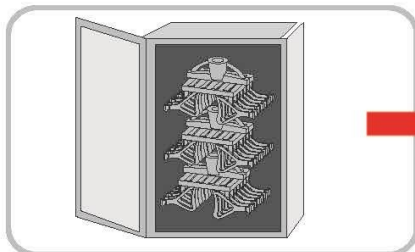

6. Sintering

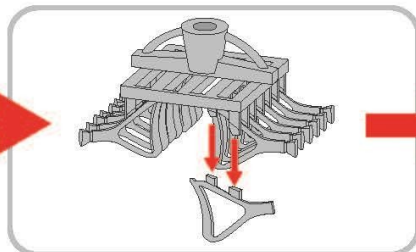

7. Pouring

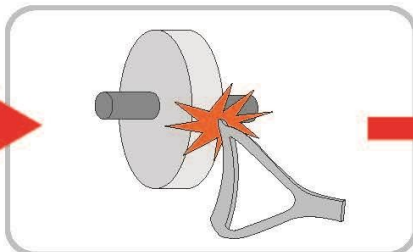

8. Shell removal

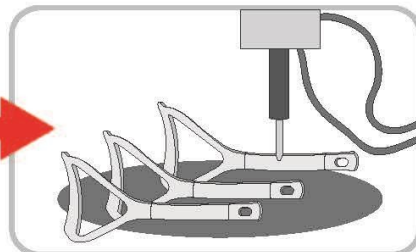

9. Sand Blast

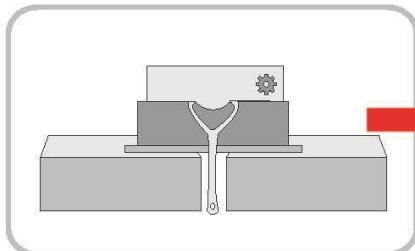

10. Cutting

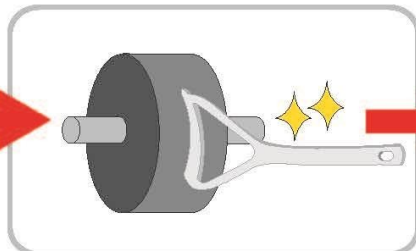

11. Grinding

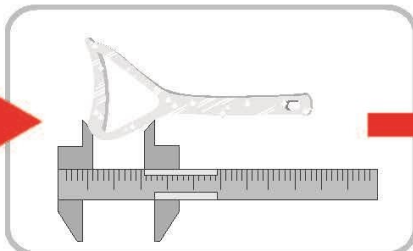

12. Welding

13. R Fitting

14. Polishing

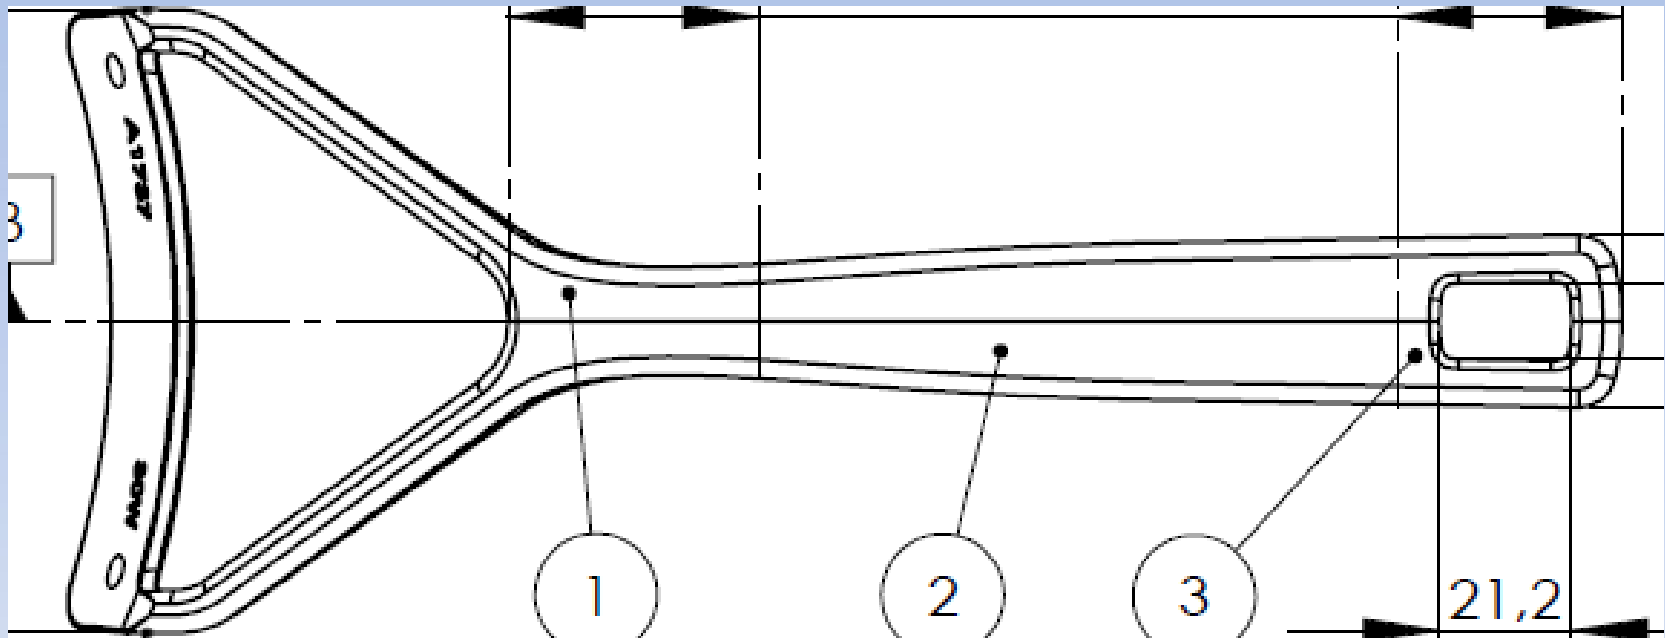

15. Quality Inspection

16. Delivery

Process Flow :

1. Mold Design

2. Wax Injection

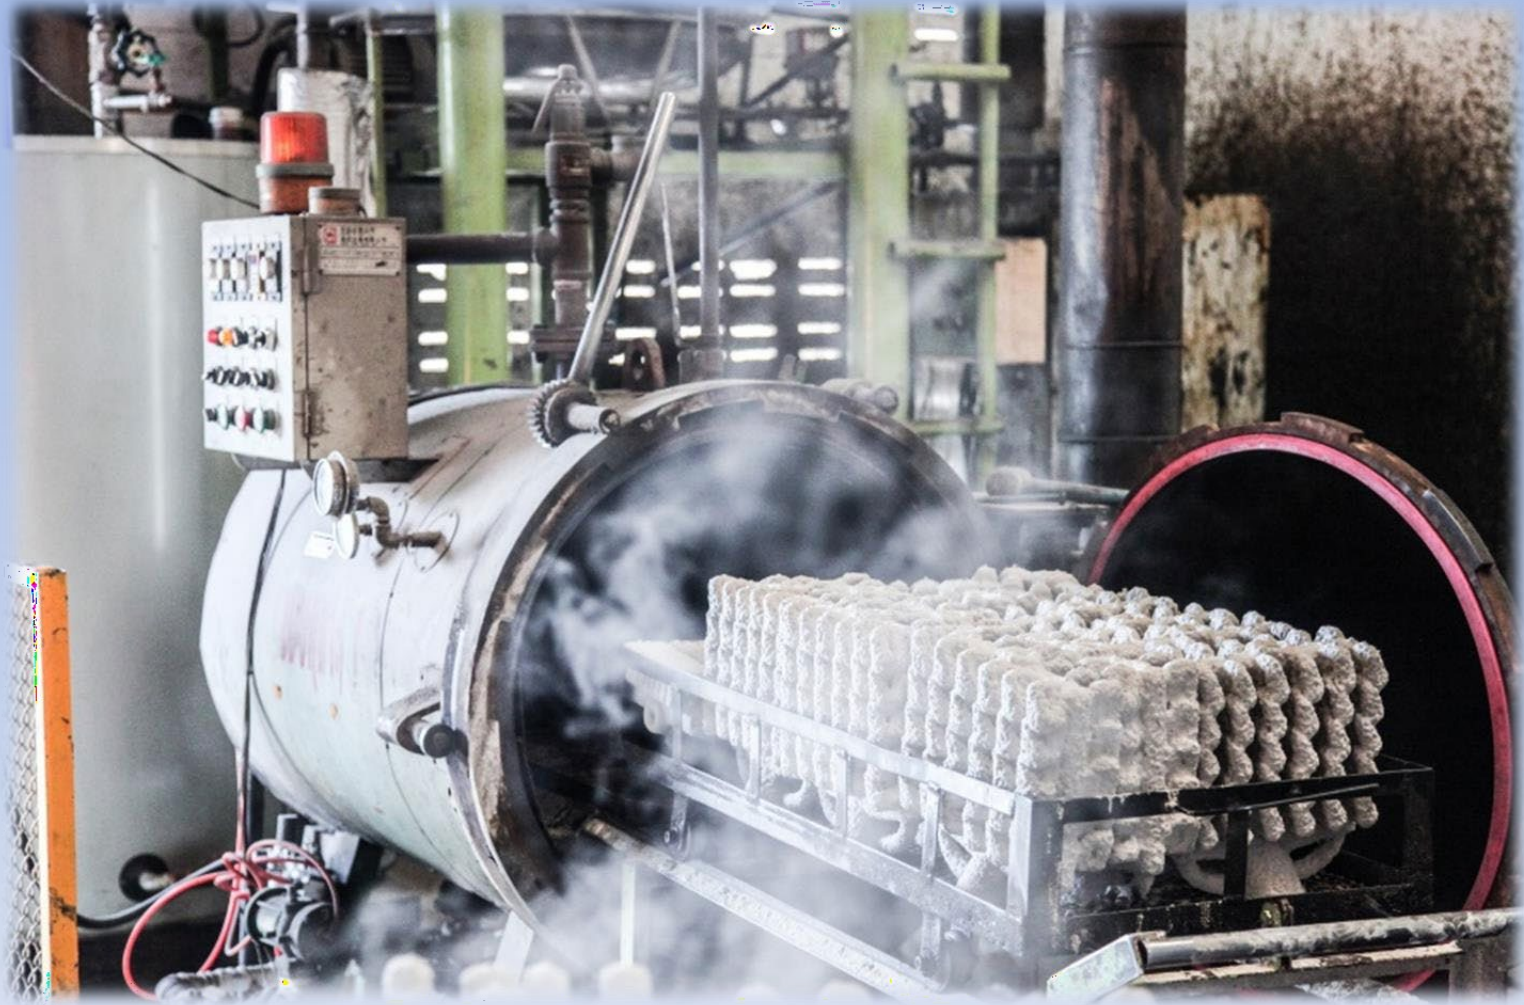

3. Wax Grouping

4. Dipping

5. De-waxing

6. Sintering

7. Testing metal quality with Spectrometer

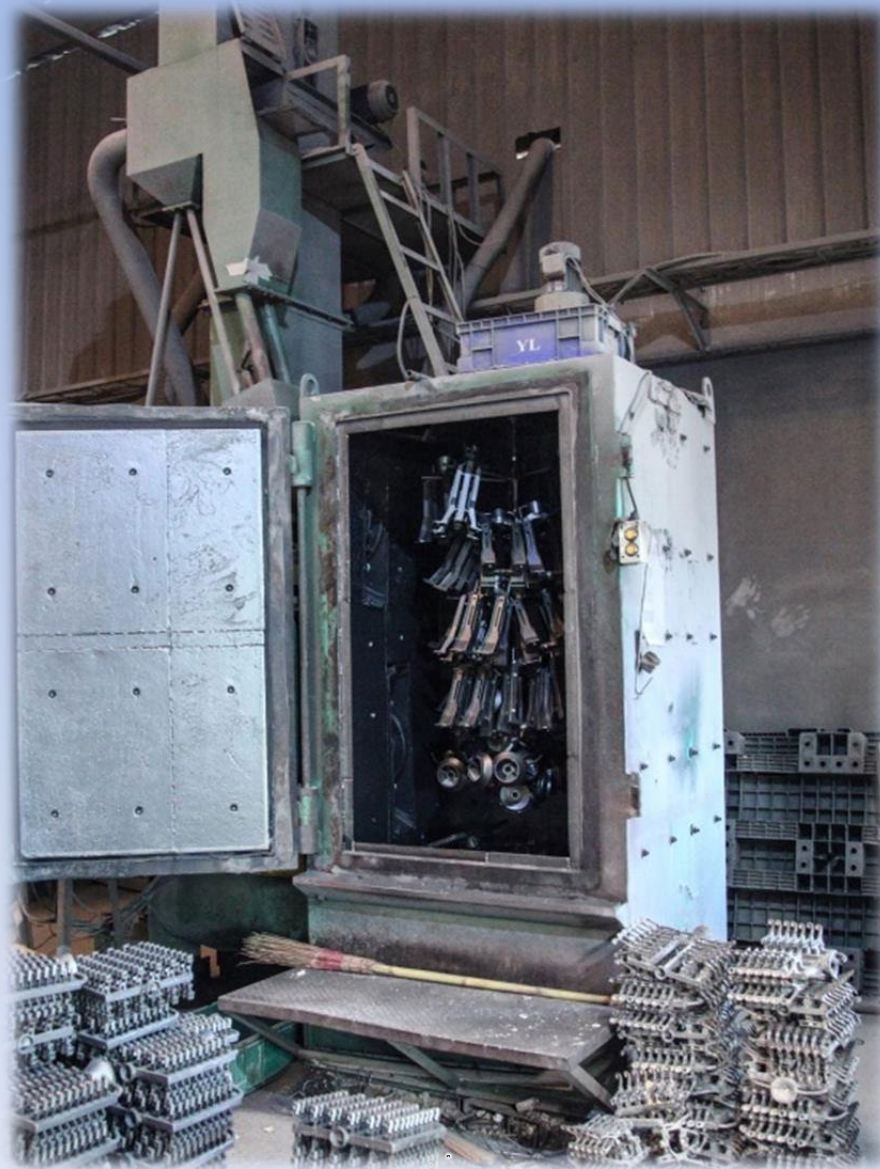

8. Pouring

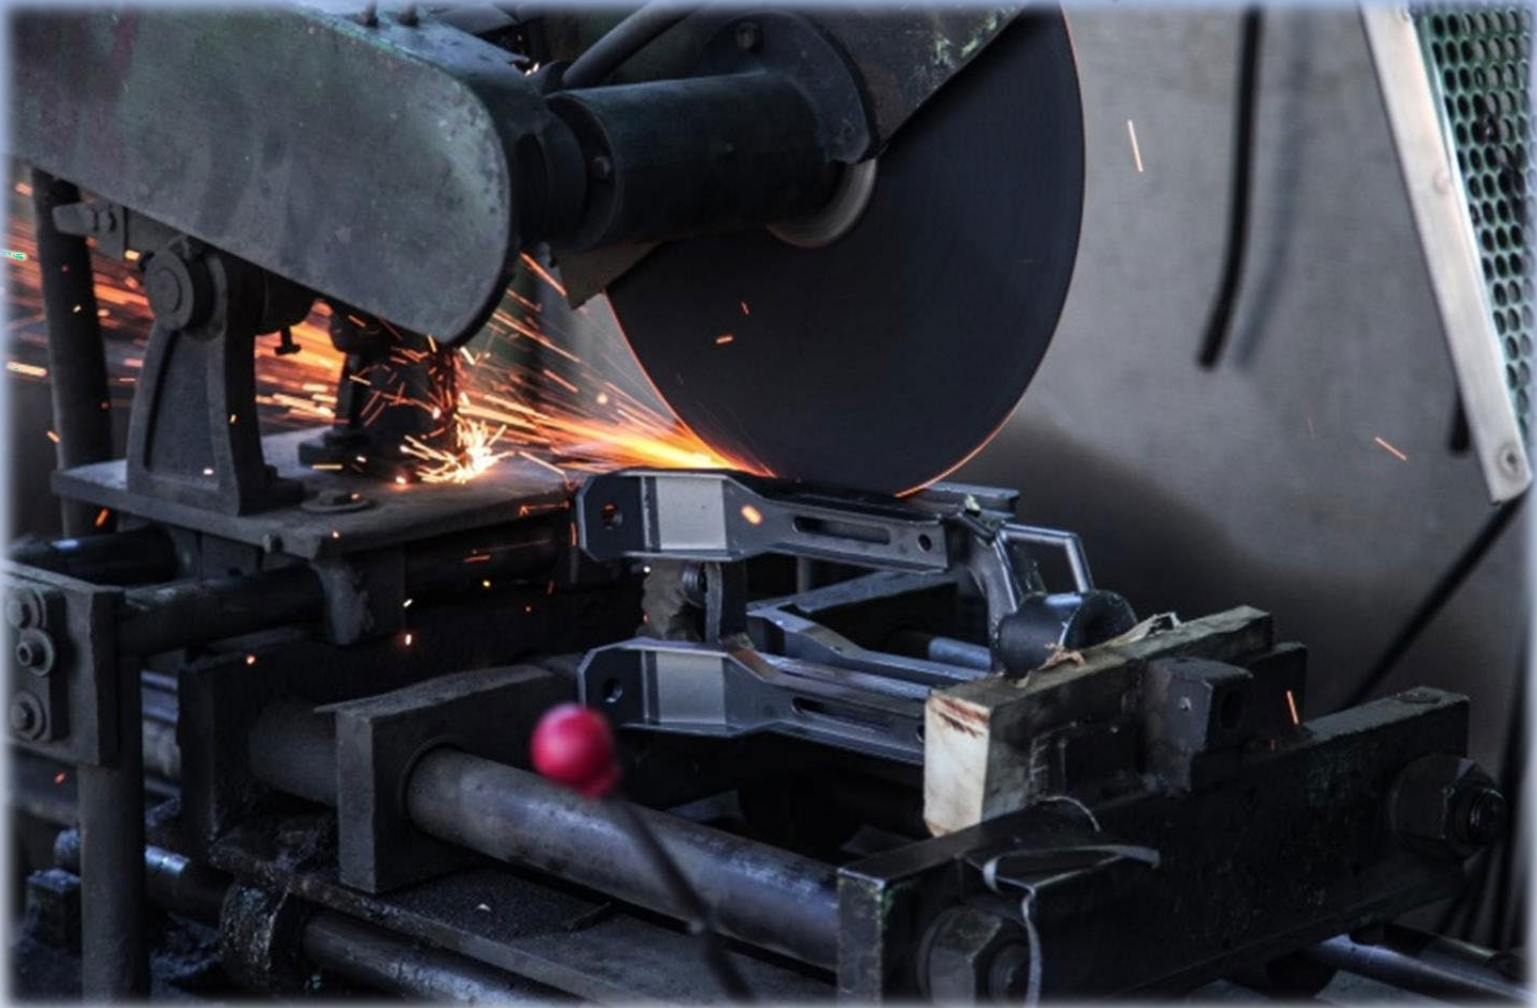

9. Shell Breaking

10. Sand Blast

11.Cutting

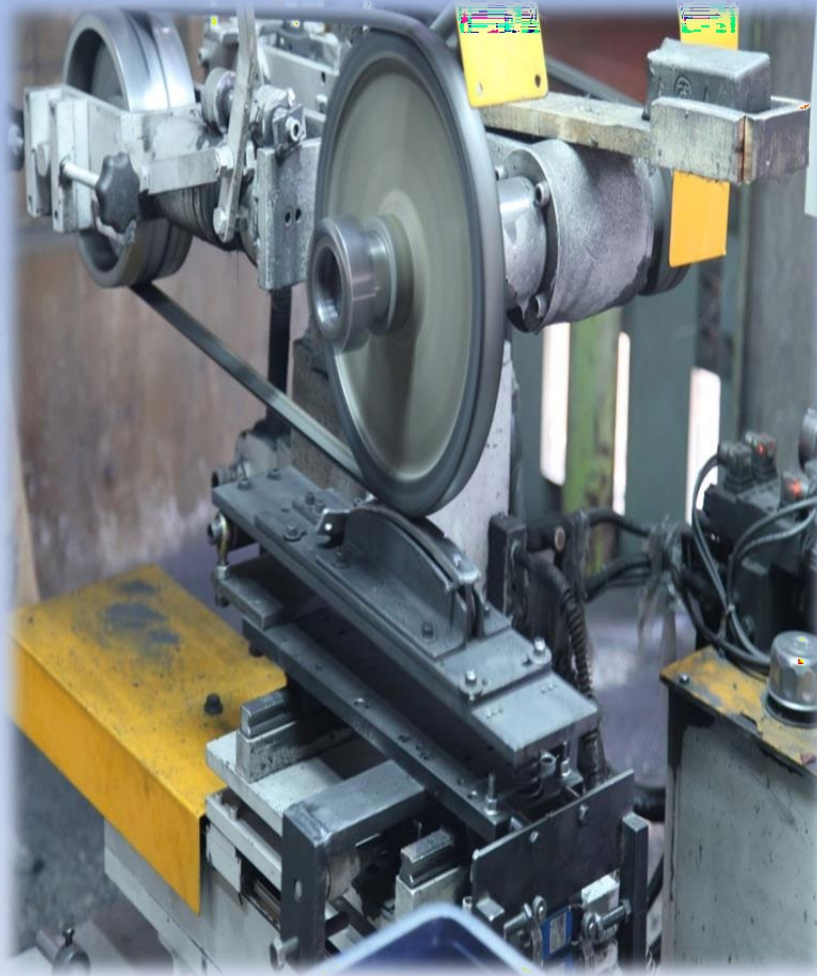

12. Grinding

13. Welding

14. Polishing

15. Quality Inspection

Appearance Check

R Fitting

High Check

Final Check

Production Capacity 产量：

1. Lost Wax Casting

• 50 Tons / Month

2. Polishing Products

• 15,000 Pcs./ Day

Working Condition :

- 26 Days / Month
- 8 Hours / Day + OT 4 Hours

Machine & Equipment 机械数量 :

Machine Name	Q'ty
1. Wax Machine	15
2. Dipping	5
3. De-waxing Machine	1
4. Sintering Furnace	1
5. High-Frequency Furnace	1
6. Sand Blast Machine	4
7. Shot Blast Machine	2
8. Argon Welder	24
9. Automatic Argon Welder	2
10. Welding Robot	1
11. Automatic Polishing Machine	2

Machine & Equipment 机械数量 :

Machine Name	Q'ty
12. Vibration Polishing Machine	9
13. Pressing Machine	10
14. Polishing Machine	72
15. Laser Machine	1

Our Products :

Cook
ware

Clamp

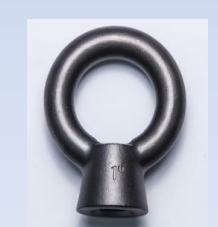

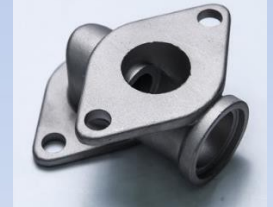

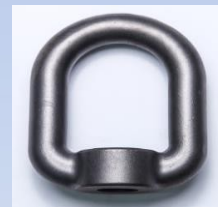

Impeller

Hard
ware

House
ware

Marine
Part

Pump
