Businesses in London attracted excessive Business Rate increases in 2017. It is therefore essential that you check that you are paying the correct amount.

Hampton Lovett's expert surveyors can conduct a simple inspection of your premises at EC1V 4PW in order to establish whether there are any physical changes to your property which may explain the changes to your rateable value. Where no changes have been made, we will advise on whether it would be worthwhile for us to appeal on your behalf and provide a genuine, realistic opinion of the potential outcome. On appeal our team can support you through negotiations with Surveyors at the Valuation Office, guiding you through the complexities of the "Check, Challenge and Appeal" process.

Contact Us today to find out how much you could save.
